## RESEARCH & EXPERTISE

Climate Change

Ocean Literacy

Ocean Observation

## 12 KEY RESEARCH PROJECTS

## RESEARCH INFRASTRUCTURES

2

### Research Vessels, Underwater Vehicles & Large Equipment

- s/y OCEANIA
- ROV

2

### Marine Data providers & Other Research Infrastructures

- Oceanographic moorings North of Svalbard
- Array of two deep ocean moorings in the Arctic Ocean

2

### Mobile Ocean Observatories & Satellites for Seas and Ocean Observation

- ArgoPoland
- SatBaltic System

## PUBLIC ENGAGEMENT & OUTREACH

### Educational Programs or Training Initiatives

- Annual Ocean of Change workshops and educational initiatives

### Contribution to Marine Policy Development

- Scientific research contributions

### Key Events Organised

- 39th Sympozjum Polarne — biennial symposium on polar research held at IO PAN, fostering exchange of scientific knowledge.
- Kobiety obraz morza exhibition & competition — public engagement event promoting marine awareness through art.

### Citizen Science or Public Engagement Projects

- Series of Citizen Science projects by IO PAN

### Sustainability Practices in Research, Involvement in Climate Change Mitigation Strategies / Best Practices

- BlueMissionBANOS project
- Climate research activities

## COLLABORATION

11

### International Networks

European Marine Board, EurOcean, EuroMarine, Baltic Earth, EuroGOOS, BOOS, HIROMB, cGRASP, AERONET, ARCTOS, SCOR

1

### Partnership with Industry

Memorandum of Cooperation with Centrum Techniki Morskiej S.A.

### Partnerships with Governments

Participation in national/state research programmes co-funded by the Polish government (NCN, NCBiR, Horizon Europe calls).

## AWARDS & PATENTS

- Designation as lead institution of the National Oceanographic Data Centre (NODC) under IOC UNESCO Expert Group
  - Dr Eng. Marcin Wichorowski / IO PAN
  - 26 November 2025
- Patent for a monitoring system and protection against unwanted moisture in instruments
