

Sustainable Ocean Alliance is launching our third wave cohort of the Oceans Solutions Accelerator to support solutions focused on improving the health of the ocean.

The all-virtual program will partner with founders, grassroots campaigns, and non-profit solutions to provide support, mentorship and networking needed to scale their solutions to the next stage.

The Ocean Solution Accelerator provides customized individual guidance from SOA's expansive community of mentors, partners, and investors.

- The program includes curriculum, workshops, founders dinners, and speaker series.
- Connecting each ocean solutionists with high level mentorship and workshops to elevate their projects to the next level.
- At the conclusion of the program, cohort members will be invited to showcase their ocean solutions on stage at SOA Connects, a virtual Ocean Solutions Summit.

Who can apply?

For profit solutions, grassroots actions & campaigns, & non-profit solutions.
All ages welcome.
